1 A key aspect of Plaintiff's lawsuit exists in the assertion that Plaintiff's own elected and  
2 appointed United States Government officials operated a scam enterprise within the government  
3 based around using the stock market for bribes, insider trading and quid pro quo payola in  
4 coordinated cooperation with a Silicon Valley organized crime cartel.

5 In related news headline lawsuits by Twitter against this Cartel and another by Rumble,  
6 against Google and another by the U.S. against Google, we see these assertions to be shown to be  
7 true through the investigations of others.

8 In Twitter's lawsuit, Twitter exposes the Silicon Valley men who conspire together and who  
9 hire assassins to take out those who displease them. Twitter's epic lawsuit seeks to expose this  
10 cartel.

11 **Twitter** has issued a flurry of legal requests seeking information about an array of elite  
12 Silicon Valley investors in **Elon Musk**'s inner circle, as the company pursues its lawsuit attempting  
13 to force the billionaire to complete his \$44 billion takeover.

14 In one subpoena issued on Monday, Twitter requested information on a wide range of  
15 Musk's inner circle, including some who were not previously reported as having any involvement  
16 with the deal, according to the **[Washington Post](#)**.

18 Named in the request were investors Chamath Palihapitiya, David Sacks, Steve Jurvetson,  
19 Marc Andreessen, Jason Calacanis and Keith Rabois, among others.

21 Investor Joe Lonsdale, an associate of Musk, said on Twitter that he had also received a  
22 subpoena from the social media firm.

23 Chamath Palihapitiya: A prominent venture capitalist with an estimated net worth of \$1.2  
24 billion. His connection with the deal is unclear, but he attended the All-In Summit in May with  
25 Musk's other financial backers.

27 David Sacks: Sacks is a member of the so-called PayPal mafia who helped found the  
28 payments startup with Musk in the late 1990s. He was said to be a key advisor in Musk's inner

1 circle as the takeover bid unfolded this spring.

2 Steve Jurvetson: Another member of Musk's reported 'brain trust' who counseled the  
3 billionaire. Jurvetson was an early investor in Tesla, where Musk is CEO. He once served on the  
4 Tesla board, and currently serves on the board of Musk's SpaceX.  
5

6 Marc Andreessen: A Silicon Valley titan worth an estimated \$1.6B and co-founder of the  
7 VC firm Andreessen Horowitz, which agreed to invest \$400 million in Musk's takeover deal.  
8

9 Jason Calacanis: Also previously reported as involved in funding the deal. Launched an  
10 investment pool known as a special purpose vehicle to raise money from smaller investors at a  
11 minimum buy-in of \$250,000

12 Keith Rabois: Another early PayPal executive alongside Musk. His connection to the  
13 Twitter deal is unclear.  
14

15 Joe Lonsdale: A partner at 8VC, a San Francisco-based VC firm. 'I have nothing to do with  
16 this aside from a few snarky comments,' he said of Musk's Twitter takeover.  
17

18 – How A Modern Character Assassination and Political “Kill Order” Is Executed By the  
19 Silicon Valley Oligarchs and their total control of propaganda media. Patrick George At Jalopnik  
20 attacks outsiders under contract with Elon Musk and the DNC. Silicon Valley campaign finance  
21 oligarchs hire him to run hatchet jobs on innocent outsiders and then Gawker-Gizmodo-Jalopnik  
22 uses their financial partnership with the DNC’s Google to push the character assassination articles  
23 to the top of Google web products and searches.

24 ---- Patrick George, Adrian Covert, John Hermann and Nick Cook are the sexually degenerate cabin  
25 boys that report to boy-loving sleaze-tabloid oligarch Nick Denton. They created the Fake News  
26 crisis in the media by flooding the internet with defamation posts and reprisal hatchet job articles  
27 designed to damage political enemies of the Socialists. They coordinate a large number of the  
28

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1 character assassination efforts at Gawker, Gizmodo, Jalopnik, CNN, New York Times and other  
2 propaganda outlets. These Millennial boys are “Media Rapists” and should be treated as abusers.  
3

4 – How and why did a Donald Trump stripper-date named “Stormy” or an Elon Musk sex party or a  
5 Kavanaugh drinking incident or the Moonves and Weinstein indiscretions suddenly hit the news at  
6 about the same time in news history?

7  
8 – In addition to actual murder, Politicians and Silicon Valley Oligarchs hire operatives to end  
9 people’s lives in other creative ways.

10  
11 ---- It is all part of the modern trend in vendetta, revenge and political payback when a Senator or a  
12 tech oligarch issues a “kill order” on an opponent. – The client does not like to get their hands dirty  
13 so the actual social hit job is performed by companies such as: IN-Q-Tel – (DNC); Gawker Media –  
14 (DNC); Jalopnik – (DNC); Gizmodo Media – (DNC); K2 Intelligence – (DNC); WikiStrat –  
15 (DNC); Podesta Group – (DNC); Fusion GPS – (DNC/GOP); Google – (DNC); YouTube – (DNC);  
16 Alphabet – (DNC); Facebook – (DNC); Twitter – (DNC); Think Progress – (DNC); Media Matters  
17 – (DNC); Black Cube – (DNC); Mossad – (DNC); Correct The Record – (DNC); Sand Line –  
18 (DNC/GOP); Blackwater – (DNC/GOP); Undercover Global Ltd (DNC/GOP) Stratfor –  
19 (DNC/GOP); ShareBlue – (DNC); Wikileaks (DNC/GOP); Cambridge Analytica – (DNC/GOP);  
20 Sid Blumenthal- (DNC); David Brock – (DNC); PR Firm Sunshine Sachs (DNC); Covington and  
21 Burling – (DNC), Buzzfeed – (DNC) Perkins Coie – (DNC); Wilson Sonsini – (DNC) and hundreds  
22 of others...These are the people and companies that except cash, revolving door jobs, political  
23 appointments, insider trading stock in Silicon Valley tech companies, prostitutes and real estate in  
24 exchange for destroying the lives of others.

25  
26 – These attackers deserve to be punished for the rest of their lives for taking away the lives of others  
27 in exchange for cash. Any company who is corrupt enough to hire any of these assassins should be  
28 forced out of business.

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1  
2 ---- These attack services are responsible for 90% of the “Fake News” problem in the world because  
3 they are the authors of most fake news. Congress must act to make these kinds of companies illegal!

4 – These digital assassination services offer hit-jobs, character assassinations and economic reprisal  
5 programs to famous billionaires and corrupt politicians who are seeking revenge, retribution and  
6 vendetta executions.

7  
8 – In the case of reporters getting targeted for attacks, President Donald Trump has been accused by  
9 the liberal corporate media of whipping up a hateful frenzy against the press. But while CNN’s Jim  
10 Acosta grandstands against Trump, real journalists are still reeling from the draconian extrajudicial  
11 measures that Barack Obama and his administration used to target them for exposing truth.

12  
13 – This secretive targeting occurred while Obama speechwriter and hate-filled ANTIFA supporter  
14 Ben Rhodes was running “Operation Echo Chamber,” which reportedly continues, in which he fed  
15 information to willing corporate media scribes. “They literally know nothing,” Rhodes said of the  
16 twentysomething journalists he easily manipulated.

17  
18 ---- The Freedom of the Press Foundation’s Trevor Timm published documents showing how  
19 former attorney general Eric Holder changed the rules to more effectively intimidate and surveil  
20 members of the press.

21  
22 – Timm writes: “Today, we are revealing—for the first time—the Justice Department’s rules for  
23 targeting journalists with secret FISA court orders. The documents were obtained as part of a  
24 Freedom of Information Act lawsuit brought by Freedom of the Press Foundation and Knight First  
25 Amendment Institute at Columbia University.”

26  
27 – Obama is also clearly linked to the plot to obtain fraudulent FISA warrants on President Trump’s  
28 team, as evidenced by Peter Strzok and Lisa Page’s texts confirming that Obama was overseeing

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1 their fly-by-night operation.

2

3 – Larry Schweikart reported for Big League Politics: For months pundits and researchers have been  
4 pondering the mystery of the FISA approval that led to the illegal and historically titanic scandals to  
5 ever hit the U.S. government.

6

7 ---- Some have argued that Assistant Attorney General Rod Rosenstein knew the FISA was bogus  
8 when he extended it. Others have wondered if Special Counsel Robert Mueller knew about the  
9 fraudulent basis of the FISA when he used it, in part, to indict Michael Flynn. Other still, that  
10 Mueller was fooled by the FBI. This is what President Trump calls “SPYGATE”. – It may well be  
11 that the surveillance that was conducted began with UK intelligence services and then was fed back  
12 to the White House of Barack Obama. Here’s the kicker: President Barack Obama did not need a  
13 FISA warrant to authorize spying/electronic surveillance on Trump because Obama all along had  
14 legal authorization to by-pass the normal court vetting process. According to 50 U.S. Code 1802,  
15 the “Electronic Surveillance Authorization” () “Foreign intelligence in relation to a US person  
16 (Trump or his associates) is information that’s necessary for the US to protect against attack, hostile  
17 acts, sabotage, . . . as well as other clandestine activities by a foreign power . . . OR . . . information  
18 relevant to national defense/security of the US, or the conduct of foreign affairs of the U.S.” Such  
19 an authorization by Obama required certification by Attorney General Loretta Lynch that must be  
20 logged with the FISC court. (“The [AG]+ shall immediately transmit under seal to the court [FISC]  
21 a copy of his certification.”)

22

23 – In short, the DOJ has this. If we are correct, a copy of that certification is currently under seal at  
24 least with the DOJ and the FISC.

25

26 – This is what they are hiding. – However, the Act requires the AG to keep the Select Committee on  
27 Intelligence and the Senate Committee on Intelligence informed of these authorizations and  
28 unmaskings therein. See 1803 (a) (1) (C) If indeed this is what happened, did Lynch report—or only

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1 selectively report—to the committees in a way that excluded non-friendlies? Can you see why  
2 Adam Schiff, Mark Warner, and their ilk are terrified?

3  
4 – These are the playbook tactics that Senators and tech oligarchs most often use to destroy the lives  
5 of their political and business enemies: – Government agency bosses sometimes solicit the target  
6 victims with false promises of future loans, contracts or grants from their agency and cause the  
7 target victims to expend millions of dollars and years of their time for projects which those  
8 government bosses had covertly promised to their friends. They use the target victims as a  
9 “smokescreen” to cover their illegal government slush-funds for the victims competitors and  
10 personal enemies.

11  
12 ---- By using this tactic, the attackers can drain the target victims funds and force them into an  
13 economic disaster in plain view of everyone without the government bosses fearing any reprisal for  
14 their scam.- Every match.com, okcupid.com, Plenty Of Fish, Seeking Arrangements and all other  
15 IAC-owned, or similar, dating sites (IAC is managed by Hillary Clinton’s daughter) have had their  
16 profiles, texts, and inter-member communications, since those companies were started, hacked or  
17 purchased. The attack service providers use Palantir and In-Q-Tel financed data analysis software to  
18 analyze every activity in those dating services in order to find honey-trap, blackmail, sextortion and  
19 social conflict exploitation opportunities.

20  
21 If you had a bad date with someone, that someone will be hunted down and convinced to help harm,  
22 #metoo or “rape charge” the intended target. All dates involve a search for sex, so the likelihood  
23 that a sexual disappointment experience will exist in each persons dating history is high. Searching  
24 every past dating email and text of a subject is quite easy with modern software and hacking  
25 techniques. A synthetically amplified, PR-agency optimized sex scandal can destroy any target.  
26 Your dating experiences from the 70’s or 80’s will come back to haunt you decades later. Most  
27 dates involve drinking alcohol and taking drugs. If you were unattractive or had bad sexual skills  
28 your bad date will be called “date rape”, “drugging your date for sex” and related twisted narratives

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1 that are designed to shame you, the target.

2  
3 ---- If you try to get a date in the future, your potential date will be contacted by a third party who  
4 will slander and libel you to make sure your potential first date gets cancelled. Your social life will,  
5 essentially, end. Every photo on every dating site is cross checked with every other photo on the  
6 internet in order to cull your Facebook, Linkedin, Snapchat and other social media together to create  
7 a total psychological manipulation profile data file on you. A single photo on a dating site can be  
8 cross searched on every mugshot archive, photo album and corporate database in the world within  
9 minutes using modern super-computers. Your sex life will be on public record in a flash.- Social  
10 Security, SSI, SDI, Disability and other earned benefits are stone-walled. Applications of targets are  
11 “lost”.

12  
13 ---- Files in the application process “disappeared”. Lois Lerner hard drive “incidents” are operated  
14 in order to seek to hide information and run cover-ups.

15  
16 – Government officials and tech oligarchs contact members of the National Venture Capital  
17 association (NVCA) and created national “black-lists” to blockade target victims from ever  
18 receiving investor funding. This was also confirmed in a widely published disclosure by Tesla  
19 Motors Daryl Siry and in published testimony. If Silicon Valley political campaign finance  
20 oligarchs black-list you (see the “AngelGate” Scandal and the “High Tech No Poaching Class  
21 Action Lawsuit” cases) you will never get investor funding again.

22  
23 – FOIA requests are hidden, frozen, stone-walled, delayed, lied about and only partially responded  
24 to in order to seek to hide information and run cover-ups.- State and federal employees will play an  
25 endless game of Catch-22 by arbitrarily determining that deadlines had passed that they, the  
26 government officials, had stonewalled and obfuscated applications for, in order to force these  
27 deadlines that they set, to appear to be missed. This can bankrupt a target victim.- Some Victims  
28 found themselves strangely poisoned, not unlike the Alexander Litvenko case.

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1  
2 ---- Heavy metals and toxic materials were found right after their work with the Department of  
3 Energy weapons and energy facilities. Many wonder if these “targets” were intentionally exposed to  
4 toxins in retribution for their testimony. The federal MSDS documents clearly show that a number  
5 of these people were exposed to deadly compounds and radiations, via DOE, without being  
6 provided with proper HazMat suits which DOE officials knew were required.

7  
8 – Victims employers are called, and faxed, and ordered to fire target victims from their places of  
9 employment, in the middle of the day, with no notice, as a retribution tactic. – On orders from  
10 Obama White House officials, DNC-financed Google, YouTube, Gawker Media and Gizmodo  
11 Media produce attack articles and defamation videos. Google locks this attack media on the internet  
12 on the top line, of the front page of all Google searches for a decade in front of 7.5 billion people,  
13 around the world.

14  
15 ---- This attack-type uses over \$40 million dollars in server farms, production costs and internet  
16 rigging. The forensic data acquired from tracking some of these attacks proves that Google rigs  
17 attacks against individuals on the internet and that all of Google’s “impressions” are manually  
18 controlled by Google’s executives who are also the main financiers and policy directors of the  
19 Obama Administration. This data was provided to the European Union for it’s ongoing prosecution  
20 of Google’s political manipulation of public perceptions. – Victims HR and employment records, on  
21 recruiting and hiring databases, are embedded with negative keywords in order to prevent the victim  
22 targets from ever gaining future employment. – Gary D. Conley, Seth Rich, Rajeev Motwani and  
23 many other whistle-blowers in these matters, turned up dead under strange circumstances. It is very  
24 possible that some of these attack services, operated by former CIA operatives, even offer discrete  
25 murder-for-sale services using high-tech assassination tools that make murders look like heart  
26 attacks and brain failures.

27  
28 ---- Disability and VA complaint hearings and benefits are frozen, delayed, denied or subjected to

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1 lost records and “missing hard drives” as in the Lois Lerner case.- Paypal (A DNC-biased  
2 operation) and other on-line payments for on-line sales are de-platformed, delayed, hidden, or re-  
3 directed in order to terminate income potential for target victims who competed with the attackers  
4 interests and holdings.- DNS redirection, “website spoofing” sends target victims websites to dead  
5 ends where no sales orders or customer inquiries actually get back to the target. These internet  
6 revenue activity manipulations are conducted using Google and Amazon servers. All commercial  
7 storefronts and on-line sales attempts by target victims, will have had their sites hidden, or search  
8 engine de-linked by a massively resourced facility located in Virginia, Texas or Palo Alto,  
9 California in order to terminate revenue potentials for the target victims.

10  
11 ---- Over 50,000 trolls, shills, botnets and synth-blog deployments are deployed to place defamatory  
12 statements and disinformation about victims in front of 7.5 billion people around the world on the  
13 internet in order to seek to damage their federal testimony credibility by a massively resourced  
14 facility.

15  
16 – Campaign finance dirty tricks contractors are hired by campaign financiers to attack the friends  
17 and family members of the target victim in order to create low morale for the target victims psyche  
18 and motivation.- Are you getting weird headaches and hearing a “buzzing sound” in your head? The  
19 U.S. Government has now acknowledged that the Cuban, Chinese and other embassy “sonic  
20 attacks” are from a known microwave beam weapon. Any one of the technical departments of the  
21 attack services listed at the top of this article can build such a biological harassment weapon.

22  
23 ---- It can be aimed at the target victims office, bedroom or vehicle and, within a week, have caused  
24 biological and emotional damage using a weapon that has no visible track of trajectory. It is  
25 designed to make the target victim think they are “going crazy” or “hearing sounds in their head”.

26  
27 ---- In one case covert political partner: Google, transferred large sums of cash to dirty tricks  
28 contractors and then manually locked the media portion of the attacks into the top lines of the top

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1 pages of all Google searches globally, for years, with hidden embedded codes in the links and web-  
2 pages which multiplied the attacks on Victims by many magnitudes.- Covert Cartel financier:  
3 Google, placed Google's lawyer: Michelle Lee, in charge of the U.S. Patent Office and she, in turn,  
4 stacked all of the U.S. Patent Office IPR and ALICE review boards and offices with Google-  
5 supporting employees in order to rig the U.S. Patent Office to protect Google from being prosecuted  
6 for the vast patent thefts that Google engages in.

7  
8 ---- Google has hundreds of patent lawsuits for technology theft and a number of those lawsuits  
9 refer to Google's operations as "Racketeering", "Monopolistic Cartel" and "Government Coup-  
10 like" behaviors. Thousands of articles and investigations detail the fact that Google, "essentially"  
11 ran the Obama White House and provided over 80% of the key White House staff. A conflict-of-  
12 interest unlike any in American history. Google's investors personally told Applicant they would  
13 "kill him". Google and the Obama Administration were "the same entity". Applicant testified in the  
14 review that got Michelle Lee terminated and uncovered a tactical political and social warfare group  
15 inside Google who were financed by Federal and State funds.

16  
17 ---- Honeytraps and moles were employed by the attackers. In this tactic, people who covertly  
18 worked for the attackers were employed to approach the "target" in order to spy on and misdirect  
19 the subject. – Gawker Media, Gizmodo Media, Snopes, SPLC and other hired media assassins will  
20 be retained to produce "hatchet job" character assassination articles about you. Then those articles  
21 will be faxed, mailed and emailed to your employer and investors with a note saying: "You don't  
22 want to have anything to do with this person, do you??" in order to get you fired from your job and  
23 get your loans or financing pulled. The attackers will use their round one attack media, that they  
24 authored, to create a round two second wave attack designed to end your life via economic warfare.

25  
26 ---- Mortgage and rental applications will have had red flags added to them in databases to prevent  
27 the targets from getting homes or apartments. - Krebs On Security, Wired, Ars Technica, The Wall  
28 Street Journal and most major IT publications have reported that hundreds of spy "back-doors" have

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: 3:22-cv-01107-WHA

1 been found on every Intel, AMD, Apple, Xfinity, Cisco, Microsoft, Juniper Networks motherboard,  
2 chip-set and hardware component set.

3  
4 ---- This means that any kid with the “key” code can open any computer, server, router, cloud-  
5 network or other network connected device and read every file, photo, video, your calendar and  
6 email on your devices at any time from any location on Earth. The key codes have been released to  
7 every hacker community in the world for over ten years. There is now no government, corporate or  
8 personal data that can’t be hacked, even data from decades ago.

9  
10 Every single one of your darkest secrets can be in the hands of your enemy within 60 minutes, or  
11 less. Important meetings you had planned with potential investors, employers, clients, dates,  
12 suppliers and others will suddenly get cancelled at the last minute. They will get cancelled because  
13 your enemies are reading your calendar remotely and covertly sending slander information to those  
14 you had hoped to engage with in order to sabotage your life.

15  
16 ---- Nothing you have ever typed on a computer or Smartphone is safe. it WILL be acquired and it  
17 WILL be used against you.

18  
19 – McCarthy-Era “Black-lists” are created and employed against target victims who competed with  
20 Obama Administration executives and their campaign financiers to prevent them from getting  
21 funding and future employment.

22  
23 – Obama Administration targets were very carefully placed in a position of not being able to get  
24 jobs, unemployment benefits, disability benefits or acquire any possible sources of income. The  
25 retribution tactics were audacious, overt..and quite illegal.

26  
27 – There are thousands of additional Dirty Tricks tactics being used by these Attack Services yet  
28 Congress refuses to pass laws out-lawing such attack services.

NorCal 9<sup>th</sup> District – 8.2.22 – EXHIBIT- Other Court Cases Confirm Cartel Existence - CASE NO.: [3:22-cv-01107-WHA](#)

1  
2 ---- The cost of an attack on a person ranges from \$150,000.00 to over \$50,000,000.00. While a  
3 Silicon Valley billionaire can afford to launch counter-measures to these attacks, any regular  
4 taxpayer will be utterly destroyed, and incapable of fighting back, against even the smallest version  
5 of one of these “kill orders”.

6  
7 ---- A number of modern office shootings are the results of these attacks against an individual who  
8 has lost everything because of the attack and has no options left. – Federal law enforcement, the  
9 United States Congress and the highest level investigators in the U.S., and abroad, have documented  
10 (per the “FISA Memo”, Congressional Reports and federal employee testimony) and proven the fact  
11 that the Obama Administration regularly engaged in the operation of retribution, vendetta and  
12 reprisal campaigns known as “hit-jobs” against domestic natural born U.S. citizen domestic  
13 taxpayers.

14  
15 ---- The Federal Court, in at least one previous court case, has ruled that Applicants, in this particular  
16 matter, were the victims and target of a number of these attacks designed to inflict permanent  
17 medical, emotional, character assassination, brand negation, economic and career damage. The FBI  
18 has been asked to interview John Cook, Nicholas Guido Denton, Adrian Covert, Patrick George, Ian  
19 Fette and John Hermann of Gawker/Gizmodo re: their financing, payola and hit-job attacks on third  
20 parties.

21  
22 ---- There are hundreds of millions of people in America. The same 120 of them are all involved in  
23 operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan  
24 rare earth mine scandals operated through The Energy Department political slush fund that involves  
25 the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking,
